5 Application for authorization

- (1) Any person applying under subsection 23(1) of the Act for an authorization under subsection 24(1) of the Act to produce, acquire, retain, transfer or use a toxic chemical listed in Schedule 1 of the Act shall use Form KSK-1 and shall pay the prescribed fee.
- (2) An authorization issued by the National Authority shall be in Form KSK-2.
- (3) If there is any change to the particulars provided in the application under subregulation (1), other than that notified to the National Authority under regulation 19, the authorized person shall make a fresh application for authorization to the National Authority.

6 Replacement of instrument of authorization

- (1) Where a replacement of the instrument of authorization is required for any reason the authorized person shall make an application to the National Authority in writing stating the reasons for such application.
- (2) An application under subregulation (1) shall be verified by a statutory declaration or a police report made by the authorized person.
- (3) Where the National Authority is satisfied as to the reason for the application for a replacement of the instrument of authorization, the National Authority may issue a replacement in Form KSK-2 with the word "DUPLICATE" endorsed on the replacement.
- (4) The authorized person shall pay the prescribed fee for the issuance of the replacement of the instrument of authorization.

7 Cessation of activity

(1) Where an authorized person intends to cease the activity for which an authorization under subsection 24(1) of the Act has been issued, the authorized person:-

- (a) shall notify the National Authority in Form KSK-3;
- (b) shall propose to the National Authority a method of destruction of the toxic chemical; and
- (c) shall state the reason for the method of destruction proposed by him.

(2) Where the authorized person fails to propose any method of destruction or where the method proposed is unreasonable, the National Authority shall immediately decide on a method of destruction.

(3) The National Authority shall give instructions to the authorized person on the method of destruction and the authorized person shall take steps to destroy the toxic chemical in accordance with such instructions before the date of cessation.

(4) The toxic chemical shall be destroyed in the presence of a member of the National Authority and the cost of the destruction shall be borne by the authorized person.

14 Annual declaration for toxic chemicals listed in Schedule 2 of Act

(1) Any person who produces, processes or consumes the following toxic chemicals shall make an annual declaration to the National Authority in relation to such activity in the previous calendar year and anticipated activity for the following calendar year in Form KSK-7:

(a) BZ: 3-Quinuclidinyl benzilate listed in Part A of Schedule 2 of the Act in an amount which is more than the threshold amount of 1 kilogramme;

(b) a toxic chemical listed in Part A of Schedule 2 of the Act, other than BZ: 3-Quinuclidinyl benzilate, in an amount which is more than the threshold amount of 100 kilogrammes; or

(c) a toxic chemical listed in Part B of Schedule 2 of the Act in an amount which is more than the threshold amount of 1 tonne, except in respect of any mixture containing a concentration which is less than 30 percent by weight or volume of such toxic chemical.

(2) Any person who imports or exports the following toxic chemicals shall make an annual declaration to the National Authority in relation to such activity in the previous calendar year and anticipated activity for the following calendar year in Form KSK-7:

(a) BZ: 3-Quinuclidinyl benzilate listed in Part A of Schedule 2 of the Act in an amount which is more than the threshold amount of 100 grammes;

(b) a toxic chemical listed in Part A of Schedule 2 of the Act, other than BZ: 3-Quinuclidinyl benzilate, in an amount which is more than the threshold amount of 10 kilogrammes; or

(c) a toxic chemical listed in Part B of Schedule 2 of the Act in an amount which is more than the threshold amount of 0.1 tonne, except in respect of any mixture containing a concentration which is less than 30 percent by weight or volume of such toxic chemical.

(3) The annual declaration under this regulation in relation to-

(a) such activity in the previous calendar year shall be submitted by 28 February of the following calendar year; and

(b) any anticipated activity for the following calendar year shall be submitted by 15 September of the current calendar year.

15 Annual declaration for toxic chemicals listed in Schedule 3 of Act

(1) Subject to subregulation 3, any person who engages in the following activity shall make an annual declaration to the National Authority in relation to such activity in the previous calendar year and anticipated activity for the following calendar year in Form KSK-8:

(a) production of a toxic chemical listed in Schedule 3 of the Act in an amount which is more than the threshold amount of 30 tonnes; or

(b) importation or exportation of a toxic chemical listed in Schedule 3 of the Act in an amount which is more than the threshold amount of 3 tonnes.

(2) The annual declaration under this regulation in relation to-

(a) such activity in the previous calendar year shall be submitted by 28 February of the following calendar year; and

(b) any anticipated activity for the following calendar year shall be submitted by 15 September of the current calendar year.

(3) An annual declaration under this regulation is not required for mixtures containing a concentration which is less than 30 percent by weight or volume of toxic chemicals listed in Schedule 3 of the Act.

16 Annual declaration on activities involving discrete organic chemicals

(1) Any person who engages in the production by synthesis of the following discrete organic chemicals shall make an annual declaration to the National Authority in relation to such activity in the previous calendar year and anticipated activity for the following calendar year in Form KSK-9:

(a) discrete organic chemicals in an amount which is more than the threshold amount of 200 tonnes; or

(b) notwithstanding paragraph (a), discrete organic chemicals containing the elements of phosphorus, sulphur or fluorine in an amount which is more than the threshold amount of 30 tonnes.

(2) The annual declaration under this regulation in relation to-

(a) such activity in the previous calendar year shall be submitted by 28 February of the following calendar year; and

(b) any anticipated activity for the following calendar year shall be submitted by 15 September of the current calendar year.

18 Register

(1) A register as specified in the Third Schedule shall be maintained by any person-

- (a) who is authorized to produce, acquire, retain, transfer or use a toxic chemical listed in Schedule 1 of the Act;
- (b) who produces, processes or consumes a toxic chemical listed in Schedule 2 of the Act in an amount which is more than the threshold amount specified in subregulation 14(1); or
- (c) who produces a toxic chemical listed in Schedule 3 of the Act in an amount which is more than the threshold amount specified in paragraph 15(1)(a).

(2) A register as specified in the Fourth Schedule shall be maintained by any person-

- (a) who imports or exports a toxic chemical listed in Schedule 2 of the Act in an amount which is more than the threshold amount specified in subregulation 14(2); or
- (b) who imports or exports a toxic chemical listed in Schedule 3 of the Act in an amount which is more than the threshold amount specified in paragraph 15(1)(b).

(3) A register as specified in the Fifth Schedule shall be maintained by any person who produces by synthesis discrete organic chemicals in an amount which is more than the threshold amount specified in subregulation 16(1).

(4) The register maintained under this regulation shall be kept for an a period of five years from the date of the last entry of such register.

5. Perakuan pengguna akhir
Certification by end-user

Saya (Kami) dengan ini mengesahkan bahawasanya:
I (We) hereby affirm that:

- (a) Saya (Kami) adalah Pengguna Akhir bahan kimia toksik seperti yang telah diisytiharkan di atas.
I am (We are) the End-User(s) of the toxic chemical(s) declared above.
- (b) Bahan kimia toksik di atas hanya akan digunakan untuk tujuan yang tidak dilarang di bawah Konvensyen Senjata Kimia.
The toxic chemicals above will only be used for purposes not prohibited under the Chemical Weapons Convention.
- (c) Bahan kimia toksik itu tidak akan dipindahkan semula atau dieksport semula ke negara lain.
The toxic chemicals will not be re-transferred or re-exported to another country.
